Fire At Nobelford

A disastrous fire, which destroyed the Hartig garage with 14 automobiles and threatened other buildings on the street for a time, occurred Friday evening last at Nobelford. The damage is estimated at \$20,000. A number of Graman young people were at Nobelford the same evening attending a dance. E. McGregor had the misfortune to have his Paige car burst up in the fire, also Mr. Mulligan, who lives about 15 miles east of Graman, had his Oldsmobile burnt. Others came from Graman were at Nobelford that evening but were too late to gain admission to the garage that was destroyed.

Accused of Stealing Wheat

Joe Shiver, Victor Miller and Art Olait were placed under arrest charged with stealing wheat. They were brought up for preliminary hearing on Monday and committed for trial at the next court of competent jurisdiction.

The accused appear to have been doing an extensive business in the district about 8 miles east of Claresholm. One elevator alone bought 8000 words of the stolen grain.

Farmers have been missing wheat from their bins for some time, but no trace was found till last week, when Fred Johnson drove up to his father's wheat bin and noticed fresh tracks. He immediately gave chase. The robbers, when they found that they were being followed, dumped their loads on the road, and whipping up their teams, tried to escape by turning north. Young Johnson overhauled one and brought him to town, and the police caught the other two later.

The following farmers report the loss of wheat: Chris Johnson, 200 bushels; Wm. Barr and Mr. Mabey, 200 bu.; A. L. Olmstead, 200 bu.; Joe Dahl and Mr. Florence, 300 bushels. Others lost smaller amounts.

The accused young men are said to have worked in this district last fall during the harvesting and threshing season, and so became familiar with the country and the movement of wheat.

Half Million Ouit Work In Berlin City

London, January 30.—All the workmen in the Kiel shipyards and in the Velsen works at Hamburg, and thousands of miners in the Rhine district, Westphalian districts struck on Monday, according to the Berliner Voelke und Zeitung.

Nearly 500,000 persons are already on strike in Berlin and the number is being added to hourly, the Exchange Telegraph correspondent at Copenhagen, telegraphs, under Tuesday's date. The movement is being extended to the provincial towns.

The Berlin correspondent of the Politiken, of Copenhagen, reports that the strikers have formed a workers' council of 500, with an "acting commission" of ten men and women, including Hugo Haase, the Independent Socialist leader, and Philipp Scheidemann, the majority Socialist leader.

Other members of the commission include George Ledebauer and William Dittman, Independent Socialists, and Frederick Ebert and Herr Braun, majority Socialists, the dispatch adds. The commission, it is said, asked Herr Wallraf, the minister of the interior, to grant permission for the holding of meetings. Herr Wallraf, it is said, declined he would not negotiate with the workmen but would resist Socialist members of the parliament. Herr Scheidemann, Herr Haase and two workmen went to the minister of the interior and informed him of the action of the commission, demanding unanimously that negotiations take place in the presence of the workmen.

The result of Herr Wallraf's deliberations were not yet known, the dispatch reports, but it quotes the Lokal Anzeiger, stating that important negotiations are occurring between him and Gen. von Stein, the Prussian minister of war.

The grain warehouses of the city of Vienna are aflame. As enormous damage has been caused, according to a Vienna dispatch, forwarded from Amsterdam by the Reuters Telegram. Revolutionaries are supposed to have started the fire.

C. S. A. Notes

On Wednesday, Jan. 23rd, a hockey game was played off between the town team and the college. After an exciting match the score stood at 4 to 2 in favor of the town.

On Thursday, the 24th, another match took place at the college rink, the contestants being the High School vs. The College lightweight. The High School played a better game than it has formerly, the score being 4-4.

Owing to the weather turning cold and stormy, the Red Cross Skating party, which was to have been held Friday, Jan. 25th, was indefinitely postponed.

On the 25th, at 2.30 p.m. a match was called between the High School and Okotoks. This game furnished a great deal of excitement, but, contrary to expectations, the score stood at 9-6 in favor of Okotoks.

At 4 p.m. on the same day the High School girls took the ice against those of the College. The game which followed was in no sense behind the preceding ones in exciting events. Although the high school made a gallant effort, the fortune of the day went against them at a score of 4-1.

7 p.m.—A game took place between the town team and the pick of the college. As formerly, the college was slightly outclassed and the match concluded with a score of 9-4 in favor of the town.

9 p.m.—The dance, which had been started at 8 o'clock, was interrupted by the arrival of the professors. Mr. Fenlon, had left to consult a doctor, but after a short search Mr. Stephen found him and induced him to return. The debate was now called, the subject being "Resolved that an auto is a necessity to a farmer rather than a luxury." The affirmative was held by R. Hendry and S. Fenlon, and the negative by H. Caldwell and S. Lamb. The subject being somewhat difficult, the lack of material was noticeable. The debaters were to be congratulated, however, for their delivery. The decision was returned in favor of the affirmative by a slim margin.

While the decision was being considered, we had no splendid readings by Miss Mackenzie.

The program then came to an end and the dance resumed.

Maude Henderson Co.

In announcing the engagement of the Maude Henderson Co. at the Claresholm Opera House for three days, commencing February 7th, we desire to call the attention of the public to some things in connection with this company.

They come to us with the strongest guarantee and reputation of any company that has visited Claresholm, carrying with them their own scenery, etc., and a strong company of ten people.

This company comes to us with a guarantee to please and satisfy, or your money back at the ticket office. This means what it says.

Personally we are very pleased to be able to book a company of reputation like the Maude Henderson Co. They will give us a new play each night, and plays we have not had the pleasure of seeing in this part of the country.

Appreciating your past patronage and assuring you that the company playing here, on February 7th, 8th, and 9th, at prices of 50c for children, 75c for general admission, and reserved seats 75c, will be well worth your time and money.

Mr. Gray, leading man with the Maude Henderson Co., which will be here for three days commencing Feb. 7th.

ALL WE WANT YOU TO DO IS TO GIVE OUR GROCERIES A FAIR TRIAL FOR JUST ONE MONTH. THEN YOU WILL ALWAYS WANT TO PUT OUR PURE FOODS ON YOUR TABLE.

THERE ARE DIFFERENT QUALITIES OF GROCERIES. WE KEEP ONLY THE BEST BECAUSE WE FEEL THAT IT IS A CRIME TO SELL POOR, INDIGESTIBLE FOODS TO ANYBODY. WE WON'T SELL YOU ANYTHING WE WOULD NOT EAT OURSELVES.

WE KEEP UP THE QUALITY: WE KEEP DOWN THE PRICE

Purchase Surplus Flour

Allied Governments Make Arrangements With Canadian Mills

It is learned that the purchasing representatives of the allied governments have arranged to take all the surplus flour and oatmeal manufactured by the mills of Canada, and that already every mill in the Dominion is working to capacity and will continue to do so until the work is over. The mills are grinding night and day, and the surplus above Canada's requirements appropriated to these plans is being turned over to the purchasing agents for the allied governments by the manufacturers in the east.

Pills That Have Benefited Thousands—Known far and near as a sure remedy in the treatment of indigestion, flatulence and derangement of the stomach, liver and kidneys, **Pearl's Vegetable Pills** have been sold to thousands when other cures have failed. These pills are non-habitual and can be produced to establish the truth of this assertion. Once tried they will be found superior to all other pills in the treatment of the ailments for which they are prescribed.

Distribution of Wealth

More Big Millionaires in Britain Than in United States

Millionaires are more numerous in America than they are in Great Britain, but the multi-millionaires of Great Britain are more numerous than the multi-millionaires of America. In other words, the millions of America are more evenly distributed among the very wealthy as a class, than the British millions among the wealthy of Great Britain.

Only ten people in the United States have as much as \$125,000,000 each. In Britain 79 people have each as much money. Nine citizens of the United States have \$100,000,000 each. Great Britain has 68. Only 14 people in the United States have more than \$75,000,000 each. In Britain 45 have more than \$75,000,000 each. In Britain 73 have more than \$50,000,000 each. TAKING OVER THE C.P.R.

(By the Morning Albertian)

"The common stock of the C.P.R. amounts to \$260,000,000. In addition to that there is preference stock, debenture stock, and other obligations. But the holders of the common stock control the company and own the railway.

"To secure sufficient control of the railway the Government of Canada must secure control of the common stock. If it took over all of the stock it would be a very great undertaking. There is little doubt but that the stockholders would exchange their common stock for Dominion Government bonds, if the inducement was reasonable. The holders of the stock are business men who are keen on an investment.

"At present the profits upon the C.P.R. pay the interest upon the common stock. The financing by the Government under such conditions would be very simple. But with the Government owning all Canadian roads and installing a system of co-operation, the Government should realize sufficient from this road not merely to pay the interest upon the Government bonds necessary to buy the stock and the interest on the other obligations, but sufficient also to keep the other roads moving at the same time.

"Under the circumstances the Albertian cannot quite understand that the undertaking is too big for the Dominion.

"The holders of the common stock are now drawing 10 per cent upon the \$260,000,000, or \$26,000,000 annually. But the railway commission declares that rates must be increased, recommending something like 18 per cent advance, which would mean a profit of another \$26,000,000 or thereabouts.

"If the Government does not take over the C.P.R., the additional profit will go to the shareholders. If the Government should take it over, and follow the advice of the railway commission, the additional profits would come to the Canadian people and the extraordinary profit alone, which is a comparatively short time, pay off the entire obligation.

"The financial undertaking is not a very serious one. It would not strain the credit of the Canadian nation. It would be an excellent investment."

"We think the Albertian has taken a correct stand on the question. If we are going into the railroad business at all let us do it up right and take over all the lines in Canada. The Government should adopt a couple of crippled lines, just because they are crippled, is bad business—that is, bad business for the country. If we have to create the machinery to under a certain mortgage, which will be produced as the time of the sale, the South East corner of Section 22 in Township 11, Range 28, West of the 5th Meridian in the Province of Alberta, containing 160 acres more or less, excepting therefrom 10 to 100 of an acre more or less for a railway as shown on a plan thereof filed in the Land Titles Office for the South Alberta Land Registration Office as 5787-1, the lands herein contained consisting of 160 acres more or less, will be offered for sale by PUBLIC AUCTION on and after the 10th day of February, A.D. 1918, at 2 o'clock in the afternoon.

The vendor is informed that the above property contains 153 acres more or less, situated about 14 miles from Claresholm, Post Office and Red River, 10 miles from Meadow Creek Post Office. The vendor is also informed that the land contains the following improvements: a one-story house 12 by 16 and a granary 10 by 16, a good well and a barn. About 100 acres are good arable land and the balance is in pasture.

The property will be sold subject to a 10 day time limit, either in part or whole, namely \$10,000.00 by mortgage at 6 per cent, per annum, from 1918 to the 1st day of December in each of the years 1918, 1919, 1920 and 1921, to be made known at the time of the sale.

For further particulars apply to the undersigned, JAMES MACKEY & MACKEY, Barristers, 205 Central Building, Calgary, Alberta, solicitors for the vendor.

later is convinced of the wisdom of substituting preventive treatment for treatment of sickness and disease. He is likewise resolved to assist in making health and medical services public services for the sake of economy as well as efficiency.

It is the intention of the department to make the carrying on of medical inspection in towns and cities compulsory at an early date, and the work will probably be done by officers employed by the trustee boards. In the villages and in the country, it is probable that the work will be initiated and carried on by medical inspectors, who are employed directly by the government. Inspection will apply to teachers as well as to pupils. It is proposed to appoint two inspectors and two nurses to begin with. It will be necessary to provide for the cost of the service either by a small general tax on lands or by a charge on the districts, determined by the work performed.

The work will be carried out by the co-operation of the district school inspectors, who are expected to make the work educational, as well as to stress emphasis on the which interfere with the progress of individual pupils.

EDUCATIONAL DEPARTMENT FOOD CONTROLLER'S OFFICE

The food situation in the Allied countries of western Europe is graver than it has been at any time since the beginning of the war. Information has been received by the Food Controller which shows that the utmost effort must be made to increase spring acreage and to secure a much larger production of bread grains in 1918 than was done in 1917. The Government has already pointed out that if ships have to be sent to more distant countries to carry food stuff to Europe, fewer ships will be available to carry supplies to Canada. It is therefore imperative, with a result that the continued participation of the United States and Canada in the war will be greatly hampered.

The situation has been thoroughly canvassed, and among those who have studied it, there is unanimous agreement that the only solution of the food problem is greater production in North America. In this connection it is especially important that the spring acreage in bread grains should be as large as it can possibly be made.

Every person who can possibly produce food must do so, no matter how small his or her contribution may be. Those who cannot produce food can at least conserve it.

The utmost economy is imperative. The situation today is critical and the time is rapidly approaching that condition when price will not be the only important question, but the over the people of Canada may be glad to eat any food which they can obtain.

The successful prosecution of the war by the Allies will depend to a very large extent upon the extent of the production of foodstuffs in this year by the people of North America.

Baron Rhonda in a recent message says: "The food position in this country and in France is critical. It can without exaggeration be described as critical and it will have to come with long queues of people awaiting in the severe weather or in practically every part of the land for the daily necessities of life."

What to Buy and Where
THE metropolitan newspaper of today aims to carry ALL the news.

Ranking equal in importance to the news contained in its reading columns is that which is found in its advertising columns. Both are of interest to the reader. THE CALGARY HERALD IS THE ONLY NEWS-PAPER PUBLISHED IN CALGARY WHICH CARRIES THE FULL STORE-NEWS ANNOUNCEMENTS OF THE BIG STORES. Proportionally it is patronized by the other merchants who have good goods to sell. To the buyer in and out of town this is an important factor in the choice of a newspaper.

I.O.D.E. Notes
The I.O.D.E. Wheat Committee have received the following from the storehouses collected at the elevators:
Robin Hood, 6 bushels; Alberta Grain, 30 bushels; Independent, 5 bushels; United Grain Growers, 6 bushels; making in all, the sum of \$63.75, for which we most sincerely thank those who have so generously given. We hope that in this New Year all others who have not so far spared their storehouse will be good enough to do so and thereby join in the good work of sending necessities and comforts to their unfortunate fellow countrymen in captivity.
